Readers of The Review will observe a new departure in this week's issue. Color has been introduced to the newspaper's advertising columns for the first time. Two advertisers—one local and one national—have co-operated with The Review in stipulating color in their printed messages this week. New technological processes permit The Review to take this new step, another milestone in the 52-year history of this newspaper.

## COUNCIL MEMBERS TO BE PAID SALARIES

—By-law to Be Drawn

Members of Sidney village council day it boasts 2,100 acres and some will receive remuneration again this year. At Thursday evening's meeting of the municipal body it was decided to pay the chairman \$700 and each commissioner \$300 per annum.

The matter was not settled without a heated discussion, however, and the chairman was called upon to cast a deciding vote.

The resolution favoring the payment of remuneration was proposed by Commissioner L. R. Christian and seconded by Commissioner J. G. Mitchell. It was opposed by Commissioners J. E. Boshier and A. Boas, with Chairman A. A. Cormack casting the deciding ballot in its favor. The clerk was instructed to prepare the necessary by-law.

"I am opposed to accepting remuneration," said Mr. Boshier in leading off the debate.

"I am opposed, too," was Mr. Boas' immediate comment.

"I hate to accept this \$300 but I'll go along with it," said Mr. Mitchell.

**WITHDRAWS OBJECTION**

Mr. Cormack made his stand clear: "I have always contended that, as a growing municipality, we should do this work for nothing. When the village was formed it had 200 acres and 1,000 population. To-

day it boasts 2,100 acres and some 2,500 population. The population has more than doubled and the municipal work has multiplied. I am now ready to withdraw any objections I previously had to remuneration for the elected representatives."

"We all knew when we sought election that we would donate our time ... Continued on Page Four.

Approved for construction on Fifth St. is the large commercial block shown above. The structure will include stores, office accommodation and residential suites. Construction is planned by John Elliott, Swartz Bay Road. To be named the Northumbria Building, the new unit will provide a floor space of 3,000 feet on each

## COUNCILLORS AGREE ON ADVANCING VILLAGE TAXES BY ONE MILL THIS YEAR

—School Mill Rate Also Hiked

General mill rate for the village of Sidney was struck at 10 mills for 1964 at the special meeting of the municipal council on Thursday evening. This is an increase of one mill over 1963.

At the same time the school rate was struck at 22 mills, also a one mill increase. The school board had previously notified council that its requirements would be higher this year.

With the provincial home owners' grant increased this year, the mill rate hike is expected to have little effect on home owners but will require owners of commercial properties to dig deeper into their purses.

**UNANIMOUSLY**

The motion to adopt the mill rate was proposed by Commissioner L. R. Christian, seconded by Commissioner J. E. Boshier and carried unanimously.

Before such unanimity was attained, however, a spirited exchange took place at the council table when

Commissioner A. Boas urged strongly that the sum of \$15,000 should be borrowed by the municipality, without reference to the voters, and used for public works in the village. His motion was supported only by himself and was defeated.

As head of the finance committee Mr. Boas recommended that the tax rate for municipal purposes be struck at 10 mills.

"Will 10 mills cover our requirements adequately," asked Commissioner J. E. Boshier.

"I am confident that 10 mills will suffice — but it cannot be less," replied Chairman A. A. Cormack. "I was afraid we might have to set it higher," commented Mr. Boshier.

"It must be raised but I am satisfied 10 mills will prove enough," said the chairman.

**ANOTHER IDEA**

"The recommendation I have made as chairman of the finance committee is the result of a majority vote but I have another idea," declared Mr. Boas. "It is what I think. It is my opinion that it would be possible to keep the mill rate at 9 and I would advise that we do so. I have studied the financial statement. The speaker quoted figures from the financial statement extensively, contending that more money should be spent on public

works than the \$11,000 set aside for such projects in the 1964 budget.

"Our budget shows that we are ... Continued on Page Two

## Sidney Air Cadets Commended On Sixth Annual Inspection

Air Cadets of 676 Sidney (Kinsmen) Squadron were warmly commended last Thursday evening for their appearance and performance on their annual inspection, by the inspecting officer, Squadron Leader Bryan Crossfield.

Inspection and march-past was conducted beside the provincial government hangar at Patricia Bay Airport before a large audience of parents and special guests. Cadets were under the command of Warrant Officer Ken Stacey, of Sidney. Mild weather contributed heavily to the success of the parade.

Squadron Leader Crossfield was accompanied on the inspection of the unit by provincial Air Cadet Liaison officer, P.L.L. Glen John; Arthur Charlton, B.C. representative of the Air Cadet League of Canada, and Hugh Loney, chairman of the Kinsmen sponsoring committee.

**HIGH MARKS**

Following the ceremonial review of the squadron, the parade retired to the unit's headquarters at the airport for the presentation of trophies. Administrative records of the squadron were inspected at this time by P.L.L. John, who awarded a high 97 per cent mark, considerably higher than in previous years. Majority of the paper work that goes hand-in-hand with successful operation of the squadron is the responsibility of the adjutant, F/O K. C.

Cantwell. Mr. Charlton assessed the proficiency of the squadron and its sponsoring committee.

Special static displays were viewed

## New By-Law For Pool Rooms Passed

Sidney's new pool room by-law was given final reading at a special meeting of the council last Thursday. But an air of perplexity permeated the council chamber during the discussion, some commissioners appearing to have a greater knowledge of pool and its ramifications than others.

A new structure is now rising between Slegg Brothers' Construction premises on Fifth Street and Flint's Garage at the corner of Fifth and Beacon. Although it is being erected as a store, the council was assured that it is intended to house a pool room, restaurant and barber shop.

The council will await further details of the project. Meanwhile the pool room by-law, proposed by Commissioner J. E. Boshier, seconded by Commissioner L. R. Christian, was approved unanimously. It is patterned after the city of Nanaimo by-law.

## CENTRAL SAANICH ADOPTS \$240,600 BUDGET

★ ★ ★ ★ ★  
**Increase Of 2.5 Mills**

Budget for 1964 totalling \$240,614.64 was given final approval by Central Saanich council last week. The budget for the current year is over \$28,000 higher than that of the previous year.

School mill rate of 21.15 mills accounts for \$138,171.26 of this year's budget. Mill rate of 15.71 mills for general purposes is calculated at \$38,433.36 of the budget.

School mill this year is valued at \$6,532.92 and the general purpose mill, \$6,265.65. Total mill rate for 1964 of 37.5 mills is an increase of 2.5 mills over the 1963 rate.

Estimated expenditures for this year include: general government, \$37,385; protection to persons and property, \$49,500; public works, \$54,080; social welfare, \$28,300; recreation, \$10,280; donations and grants, \$1,400; park land acquisition, \$3,000.

Further detailed breakdown of the budget as presented to council by

the finance committee makes for interesting reading. For example, the municipality expects to spend \$500 on stamps this year and \$2,000 for stationery, advertising and supplies. Operation of the emergency ambulance will cost about \$300.

**PUBLIC WORKS**

Public works committee has budgeted \$5,200 for surfacing supplies; \$4,000 for culverts; \$4,800 for maintenance of equipment; \$2,500 for seal coating; oil for dust-laying, \$1,500.

Also included in the budget is \$400 for the possible purchase and installation of two flush toilets at Centennial Park.

Total budget for the volunteer fire department of \$12,041 includes five hydrants at \$300 each.

A major item in the budget for the police department this year is \$1,600 for the purchase of a new car. Total estimated expenditure for this department in 1964 is \$31,674.

**STREET LIGHTS**

Street lighting in the municipality this year will cost taxpayers approximately \$2,175, inclusive of three new illuminaires for the Patricia Bay Highway.

Central Saanich this year will contribute \$6,000 to library services.

Grants already approved this year include \$100 to the Victoria and Island Publicity Bureau and a contribution of \$1,000 to the Alberni Valley and West Coast Disaster Fund.

## Building Votes Are Approved

Referendums, as submitted by the trustees of Gulf Islands School District No. 64 have received approval of the department of education.

The referendums will be put to the electors at an early date for their approval.

Included is a new high school for Salt Spring Island, to cost \$463,912, and a new teacherage for Galiano to cost \$12,540.

## Sidney Cadet Wins Flying Scholarship

A Sidney air cadet has been awarded a flying scholarship for this summer.

Cpl. John Wallace will undertake a flying training course leading to a private pilot's licence at Victoria Flying Club this July along with several other fortunate air cadets from Vancouver Island.

Cpl. Wallace, a member of the Sidney squadron for the past two years, lives at 4301 Quadra St., in Saanich. He has the longest trip of any member of the unit to the weekly parades at the Air Cadet Hall at Patricia Bay Airport. He is the fifth Sidney cadet to win a flying scholarship provided by the Royal Canadian Air Force and the Air Cadet League of Canada.

**AIR CADETS**

## Marksmen Near Top In Canada

They are marksmen on Saanich Peninsula.

When a rifle team from Sidney's 676 Air Cadet Squadron competed in the winter competition of the Dominion of Canada Rifle Association the boys headed Air Cadet squadrons of British Columbia. They were fourth from the top among the 162 squadrons in Canada.

Air Cadet squadrons competed with other cadet services as well as civilian contestants. In the total line-up of 647 teams, the Sidney team ranked 14th.

The achievement this year is the highest in the squadron's six-year history.

Range instructors are Doug Jack and Ron Morrison.

## New Call For Old Proposal

—At Mayne

New call for bridges in place of ferries has been sounded by a Gulf Island group.

Mayne Island Ratepayers' Association has called on the B.C. Ferry Authority to investigate the possibility of erecting a bridge between Mayne and Saturna.

Proposal was enthusiastically endorsed by some 80 members of the association.

Bridges were proposed throughout the Gulf Islands group several years ago when ferry service was under fire. With the advent of improved services and new ships the call has diminished.

Present concern has arisen on Mayne Island in token of the difficulty of reaching the island during periods of peak traffic.

## Heating Bill Won't Be Paid By Village

Sidney village council will not honor a statement from Slegg Brothers' Construction Ltd. for approximately \$200 for additional cost of fuel for heating the interior of the new municipal hall while it was under construction.

At Thursday evening's special meeting of the council, a motion was proposed by Commissioners J. G. Mitchell and A. Boas declining to pay the statement.

"You don't think we bear any responsibility for any part of it," queried Commissioner J. E. Boshier. Mr. Mitchell explained that there had been no extra cost in heating because of the delay in starting construction. Mr. Boas agreed entirely. The motion carried without a dissenting voice.

## SIDNEY QUEEN CONTEST TO BE HELD NEXT WEEK

Sidney Queen contest will be staged at Sanscha hall on Thursday, May 28, and so far 11 girls have signified their intention to compete for the crown held for the past year by Linda Douma.

There were fears earlier that no contest would be held in Sidney this year. Organization of the 1964 competition is being carried out by a group of ladies headed by Mrs. E. M. Sealey, 936 Lockside Drive. Sidney and North Saanich girls entered in the contest to date and their sponsors are the following: Bev Henderson, Sidney Drygoods; Pat Marshall, Sidney Hardware; Joan Gardner, Hunt's Garage; Anne Jeffrey, Sidney Cash and Carry; Jill Cowan, Gray's Publishing; Georgina Batchelor, Beacon Market; Mrs. Elliott, Beacon Motors; Lois Myers, Beacon Cafe; Betty Ann Saville, Royal Canadian Legion; Kathy Boyd, Star's Grocery; and Elaine McGee, Deana Motors.

Entries for the contest will be taken up to Friday, May 22, by other ladies, Sealey, at 475-2572, or Mrs. Lil Hunt, 475-1878.

Girls entered in the contest are being given a brief charm course by

professional model Helen Blanes of Victoria. First class was held on Tuesday and the second is scheduled for this Friday evening. Classes are geared to use as little of the girls' time as possible.

Contest will be conducted according to P.N.E. rules and entrants will not be required to display any talent, said Mrs. Sealey. Prior to the contest, the girls will meet the judges at an informal coffee party. Judges have not yet been decided, but all will be from Victoria.

Aspirant queens will make three appearances at the contest. They will first appear in street dress, then in bathing suits or shorts and finally in party dresses. They will be required to give a short speech and will be judged for their beauty, poise and personality.

**MISS P.N.E.**

New queen will be crowned by Linda Douma, who last year went on to become Miss P.N.E. The successful girl will enter the Miss P.N.E. contest in Vancouver later in the summer.

Entertainment will also be provided at the contest next week, details to be announced later.

expecting to receive \$25,000 more for the operation of the village this year but we are planning to carry out a smaller public works program. This does not seem right to me," he contended.

Mr. Boas then submitted a resolution asking the village to borrow \$15,000 to be repaid over a three-year period and the money used for payment of the village hall. Thus the village would be able to do more public works and still keep the mill rate at 10 mills, he contended.

"Would you borrow at 6%?" asked Commissioner J. G. Mitchell. "Yes," replied Mr. Boas. "In this way we can spend more and do more for the taxpayer. I agree to holding it at 10 mills. We will receive \$25,000 more this year. We will gain at no greater expense to the taxpayer."

At this juncture Mr. Mitchell seconded Mr. Boas' resolution so that it could be discussed. "Mr. Boas has agreed to striking the new mill rate at 10 mills but I am against borrowing, I believe in pay as we go," declared Mr. Mitchell. "As the year advances, if we find we have

## NEW EXECUTIVE INSTALLED BY SIDNEY B. AND P.W. CLUB

Installation banquet of the Sidney Business and Professional Women's Club, held on May 12 at the Airport Travelodge, was well attended.

The head table guests as introduced by retiring president Mrs. H. G. (Nell) Horth were: Miss E. Forbes, past national president, C.F.B.P.W.C.; Miss Ella Brett, regional director; Mrs. R. (Enid) Webster, president-elect of the Victoria club; Mrs. G. F. (Emily) McKay, vice-president-elect, Victoria club; Mrs. W. (Dorothy) Kynaston, president-elect, Sidney club, and Mrs. E. (Barbara) Lassfolk, vice-president-elect, Sidney club.

Miss Forbes spoke briefly to the members and brought greetings from Miss Ruth McGill, the Canadian vice-president of the International Federation; Miss Brett congratulated the retiring president on her excellent leadership of the past two years and Mrs. Webster relayed the good wishes of the Victoria club.

Before relinquishing the gavel and badge of office, Mrs. Horth presented Miss Marg Donovan with an emblem key chain and thanked her for her work. She has been transferred to Prince George and will be missed by the Sidney club.

Mrs. Kynaston then presented Mrs. Horth with her past-president's pin and called on Miss Brett to install the incoming executive in the impressive and symbolic candlelight ceremony. The following were installed: Mrs. W. (Dorothy) Kynaston, president; Mrs. E. (Barbara) Lassfolk, first vice-president; Mrs. W. (Marjorie) Smith, second vice-president; Mrs.

money available, we can spend more on public works."

Mr. Boas and Mr. Mitchell engaged in a spirited but good-humored wrangle over figures in the budget. Their conclusions were somewhat intangible.

What is the necessity of borrowing anything? asked Mr. Christian, entering the fray.

"We are proposing to put up the mill rate but do less public works—therefore we should borrow," answered Mr. Boas.

"Since we are going to be carrying out an extensive sewer program in the new portion of the village, we won't be able to do much other work there. It would be wasted money. The only pressing problem is reconstruction of Weiler Avenue," declared Mr. Boshier. "I prefer to see a major public works program next year."

"It has been generally agreed that 1965 will be the big year for public works," said the chairman, Mr. Mitchell agreed: "We must widen some roads but can't do it during the sewer construction program. I'd rather see us pay as we go."

"I dislike borrowing," said Mr. Boshier.

"So do I," agreed the chairman. "In my conscience I am worried because we will receive \$25,000 more this year — doing less but raising the mill rate. I hope you don't take me wrong. We all have the privilege of disagreeing in good faith," volunteered Mr. Boas. "I don't think there is any municipality which does not borrow. It costs so little. Why don't we want to borrow? It doesn't seem logical to me."

"How would we spend the money we borrowed?" asked Mr. Mitchell. "We can do all sorts of things. We can clean up Third Street — close the ditches with deep drains. Not that I want it done for myself," answered Mr. Boas.

"I agree that there is much to be done but we can do it periodically without borrowing money," said Mr. Cormack.

"Some day we'll have to float a big loan to carry out a major deep drainage program. But let's do it all at once when we're through with our sewer program," urged Mr. Mitchell.

On Mr. Boas' motion to borrow \$15,000 being put by the chair, only its sponsor supported it.

The mill rate was then struck without further debate.

## SANSBURY P.T.A. CLOSES ACTIVE YEAR

Final P.T.A. meeting for the present school year was held recently at Sansbury school, when parents and teachers were given an informative talk by W. J. Fleming, special counsellor for School District No. 63. His remarks enabled parents to better understand the work he is doing in both this school district and that of Sooke.

Prior to Mr. Fleming's address, the business meeting was held. D. J. McColl, principal, reviewed a number of activities which are coming up in the near future and in which the P.T.A. has an active interest—sports day, the school picnic and awards day. It was also decided to assist one girl and one boy, to be chosen by Mr. McColl, towards participation in "Painting in the Park."

Membership was slightly increased during the past year, although Sansbury P.T.A. is still a small organization.

At the commencement of school in September, there was a "Get Acquainted Tea" at which mothers and teachers had the opportunity of becoming acquainted. Also, at the commencement of the school term, the P.T.A. joins the school board in the dental program by sponsoring four children (two pre-school and two grade one, for care of their teeth. At Halloween, the children accept contributions for U.N.I.C.E.F. under the supervision of members of the P.T.A. Christmas finds the children enjoying treats through their P.T.A. The program committee arranged to have Mrs. Agnes Fraser, teacher at the new Dunsmuir Road school, explain the new grade three arithmetic program.

During this year, a cup and saucer shower was conducted, which netted a considerable number of attractive cups and saucers for use at teas, and other functions.

The annual Fun Fair was a successful venture again this year. It was decided to channel some of the proceeds of this event into the purchase of a junior edition of the Encyclopaedia Britannica for the school. Also, the placing of school

## SAANICHTON

Mr. and Mrs. G. Hull with three children are house guests at the home of Mr. and Mrs. M. Michell, East Saanich Road, over the holiday weekend. Mr. Hull will be remembered by many here as he was employed by W. W. Michell a number of years ago and spent several years in this area.

Nominations for new executive members will be held when school resumes in September.

### Wooded Wonderland To Re-Open But Security Of Tenure Is Questioned

—Operating On Temporary Licence

Alfred Petterson re-opened the Beaver Lake Wooded Wonderland on Saturday. One of the most popular attractions in Saanich, the nursery rhyme presentation drew 33,000 patrons during the summer season of last year.

The imaginative exhibitor, however, entertains an understandable doubt as to the security of his tenure of the corner of Beaver Lake property that he has laid out so attractively over the past few years.

For reasons of security and for a reasonable opportunity to re-

coup the considerable financial outlay involved, Mr. Petterson requested the City of Victoria to grant an extended lease of a larger area. He now holds a five-year lease of woodland extending 12½ acres, as against 3.2 acres held previously.

Licence Inspector Roy Wootton informed Saanich council of the circumstances at a recent meeting. While in sympathy with the project, councilors held to their earlier expressed view that no long-term arrangement should be entertained, and that the area of

the concession ought not to be increased. The inspector was instructed to issue a temporary licence which is valid only for the current year.

Mr. Wootton said that Mr. Petterson has no intention of expanding his presentation beyond existing limits this season.

Councillor Gregory Cook said: "The 3½ acres have been well handled, but I am definitely against it spreading. If we go along with this contract what is to prevent anyone else doing the same thing and further commercialism in the park?"

Opposition to the new lease was voiced by councilors who feared that the park would be tied in the event that the park is sold by the city to Saanich.

It was again remarked that nearly a year has passed since the city council appointed a committee to advise on the price of sale of the watershed property which Saanich council wishes to dedicate as public parkland.

Army and Navy Band Trophy as the cadet contributing the most to the squadron band. George DeKever, first vice-president of the Sidney unit, made the presentation.

R. T. Hoard Trophy for the most outstanding junior cadet was won this year by LAC Bob Stacey. A member of the unit for eight months, he received the trophy from the donor, R. T. Hoard, of Victoria.

Best drill cadet in 1963-64 was Cpl. Wayne Dibnah. He was presented with the S/NL A. W. Sharp

### Seven Air Cadets Win Nine Trophies At Inspection

—Two Dual Winners

Seven members of 676 Sidney Squadron, Royal Canadian Air Cadets, walked off with nine trophies at the sixth annual inspection of the unit last Thursday evening. Trophies cover a wide range of cadet activities.

The senior cadet in the squadron, Warrant Officer Ken Stacey won the Kinsmen Trophy for the most efficient N.C.O. and the Ron Morrison Marksmanship Award for the best general proficiency in indoor and outdoor events. Second trophy was presented by the donor, Ron Morrison, one of the unit's two shooting instructors.

Also a dual winner this year was F/S Garth Coward. He received the

Rotary Club Trophy for the cadet with the highest score on the shooting range, and the Dave Price award for achievement. Rotary trophy was presented by George Chatterton, M.P., in the absence of a Rotary representative. Second trophy was presented by the donor, a former civilian instructor with the squadron.

**MOST IMPROVED**  
Commanding Officer of the squadron, Flt.-Lt. J. R. Hannan, presented the 676 Squadron Staff Trophy to Sgt. Robert Loughheed, judged the most improved cadet this year. Sgt. Loughheed has been with the unit for two years.

## LOCATIONS CHANGED

Lights will soon be installed at three locations on the Patricia Bay Highway in Central Saanich.

Councilors last week endorsed the recommendation of lighting experts to place two illuminaires at the Keating Cross Road and East Saanich Road and highway intersections. Third light will be installed at the corner of Mount Newton Cross Road and the highway.

Council had earlier decided to erect a light at Island View Road intersection. However, it was

recommended by the highway engineers that two lights be placed in the Keating Cross Road area as it was felt only one light in this vicinity would create a hazard. The East Saanich and Keating roads join the highway within a few hundred yards of each other.

Light for the Island View corner will be given priority next year, as the 1964 budget allowed for three lights only this year.

## Shocking

IN this area the Royal Canadian Legion has won for itself a position of high esteem for its invaluable work on behalf of Canadian ex-service men and in other fields. That's why the local populace was so shocked by the unprecedented action of some of the delegates attending the Legion convention in Winnipeg recently. Having invited the Prime Minister of Canada—himself a veteran who saw long overseas service—to attend the convention as their honored guest, they denied him the privilege of free speech for which they had all fought. Apologies were quickly tendered and they should be accepted with grace—but the memory lingers on.

Many members of the Royal Canadian Legion in this area and many other serious-minded men and women as well are firmly of the opinion that Canada should have a distinctive flag, symbolic of no other nation.

Let us not make the mistake of thinking that ex-servicemen are unanimous in opposing a distinctive Canadian flag. They are not.

## It's Spring

IT'S spring in Sidney, but Victoria officials of the department of transport are not aware of what the calendar indicates. In other words, the yachting season is swinging into high gear but facilities at the customs wharf are hopelessly inadequate.

Every fall department work crews tow away a number of heavy floats for winter storage in Roberts Bay. They are returned in the spring, when the danger of damage by high seas is past, for the accommodation of visiting yachtsmen and others who clear customs on their way to and from United States ports.

Any day now a vast armada of yachts and other vessels will arrive at Sidney to clear customs. Utter confusion will result if the floats are not in place. Let us see Sidney's busy port put into shipshape condition without delay.

## PITTSBURGH PIRATES

### Baseball Scout Looking For Future Pro's In Victoria

Young baseball enthusiasts in this area will soon have a chance to try to make the bottom rung on the long, hard ladder to becoming professionals.

On Saturday, May 23, the Pittsburgh Pirates of the National Baseball League will conduct a tryout camp at Athletic Park in Victoria under the supervision of their Pacific Northwest scout, Babe Barberis. Tryout will last from 9 a.m. to 1 p.m., and players must be 16

years of age to be eligible to attend. The players are expected to furnish their own shoes, uniforms, gloves and related items, with the Pirates furnishing all other equipment. Boys wishing to try out must also be responsible for their traveling and living expenses, if any, with the understanding that all expenses will be reimbursed to those players signed to contracts with Pittsburgh organization clubs. Athletic Park is located at the corner of Caledonia and Cook streets in Victoria.

In particular, our thanks go to Bob Day and Frank Minns for doing an outstanding job.

We would also like to express our warm appreciation to School District No. 63 (Saanich) for the loan of their trailer and to Shade Bros. Distributors Ltd. for permission to use their facilities in the making and storing of the float.

## Ratepayers' Meeting Draws Half Roster

First annual general meeting of the Mayne Island Ratepayers Association was held in the island's hall on Saturday, May 16.

Over 80 people, or more than half the membership, turned out. The chair was taken by F. J. Dodds, president, N. McConnell acted as secretary in the absence of G. McNichol.

After the reading of the minutes of the last regular meeting, time was given to J. Clarke, Mayne Island school trustee, to give a talk on the money plebiscite soon to be presented to the taxpayers of the area. Mr. Clarke confined his talk largely to statistics.

The tax rate for school purposes will rise by one and a half mills in 1964 he forecast. In this connection the school grant is down 11.5 per cent on the 1963 figure, whilst the assessment value of the whole district has gone up about 20 per cent. Roughly \$800,000 is obtained from tax sources, Mayne contributing about \$11,000.

Due to the many sales of land on Mayne, this figure will be considerably higher this year.

It was also revealed that it costs slightly over \$600 per year to educate a child in district 64, whilst the provincial figure was just under \$500.

There are just over 500 school-age children in the area, of whom 400-odd live on Salt Spring. Mayne's contribution is under ten.

To have a high school in an area needs a minimum school population of 500.

At present the school at Ganges is not a high school, but merely a school where high school subjects are taught. There will be a meeting with the school trustees at the hall on May 30, at 8 p.m.

The chairman then gave the annual report, which covered a wide range of subjects. These showed: There had been a number of meetings and considerable correspondence with the Ferry Authority, but the service was still not satisfactory, particularly at week-ends and holidays. This subject is being pursued further, and of course there is now definite word of a new ferry.

The executive had done all the preliminary work concerning fire protection and garbage disposal. G. Silan has been appointed as returning officer, and has ordered an election for trustees (5) for May 30 at 8:00 p.m. Voting will be by ballot, all ratepayers being eligible to vote. Some nominations were made at the meeting for potential trustees, and any further seconded nominations may be sent to Mr. Silan before the date of polling.

The association has now 158 members, almost the largest single group in the Gulf Islands.

Much correspondence and enquiry had been made on the matter of roads, and a much closer agreement between the association and the department of highways was in prospect. Thus the views of islanders on road work and construction would be brought to the authorities.

In this matter the president mentioned that some opinion had been voiced regarding placing a speed limit on the island, much lower

than the one operating in the province at present.

Mention was made of First Aid supplies, but nothing definite had been done, as it had been impossible to proceed with the projected St. John Ambulance classes in the past winter.

The accounts showed a credit balance of rather over \$300. On Dominion Day week-end, the second annual Old-Timers' gathering will be held. Full details for this function will be given later. The president thanked the executive for their many services in the past year, with special mention of the services of Gil McNicol as secretary, Fred Greenslade for his valuable organization and membership work, W. W. Hunt-Sowrey for his work on press and publicity.

## E. E. BUTLER PASSES AWAY SUDDENLY

Three-year resident of Sidney, Ernest Edward Butler, aged 63 years passed away suddenly at his residence, 2356 Malaview Ave., on May 17.

Mr. Butler was born in England and served with the Royal Navy during World War I and with the Royal Canadian Air Force during the Second World War. He was a member of Army, Navy and Air Force Veterans, Branch No. 302, Sidney.

He leaves his wife, Lillian Mary, at home; three sisters and one brother in England; and eight step-children.

Services were held on Wednesday, May 20, at Sands Chapel of Roses, Sidney, with Rev. Canon F. C. Vaughan-Birch officiating. The services were followed by cremation.

Evening Service ..... 7.30 p.m.

Is Canada a Christian Nation?

The quick answer of the average man is "Certainly—we're not heathens are we." But what would constitute a Christian nation? Would it not be safe to assume that a nation would have to be at least predominantly God-fearing and honor Him with a reverence for His name, His Word and His Son?

Look about you! The recent cry of the people was to dispense with the reading of the Bible in school. The total enrollment of Sunday schools is in no respect near to that of the secular schools. Certain theories of science are lauded in the school and the Bible ridiculed by the majority. Is this honoring His word?

The names of God and His Son are more often used in swearing than in worship. The commands of God to turn to Christ, to shun immorality, to love one's neighbor are ignored. God's authority as creator and sustainer of this universe is questioned, scoffed at, and ignored by multitudes, and honored by a few.

The deity of Jesus is a must in God's Word. (1st Corinthians 12:3) Jesus is the Son of God and as such demands the same respect as is due the Father (John 5:23). But we find, even in churches, that Christ is often viewed only as a man like as we are but somewhat better in behaviour and thus His deity is denied.

It may be a difficult notion but it is questionable as to our qualifying as a Christian nation. A more important question for you at the moment is your own standing in God's sight. Do you know Him as your Saviour for His word says: "You must be born again."

## AT SIDNEY

## BABE RUTH LEAGUE TO OFFICIALLY OPEN SUNDAY

Cosmopolitan Babe Ruth Baseball League will officially get underway in Sidney at 3:30 p.m. on Sunday, May 24, when the local entry will host Webb and Trace of Victoria.

Although four games have already been played at the new park behind Sanscha Hall it is planned to have local dignitaries and Babe Ruth officials from Vancouver Island give this league its official "blessing" in a manner which will further encourage local support and future attendance.

### FOUR OUT OF FIVE

The local team, which has been named "Sidney Merchants" because of the support given by a number of local businesses, has already won four of the five games played, and promises to be a strong contender when play-off time rolls around for the Cosmopolitan League championship.

A. A. "Al" Cormack, chairman of the village commission, will throw in the first ball and Will Sadler, president of Vancouver Island Babe Ruth, together with Les Lamb, president of the Cosmopolitan Babe Ruth League, will be introduced to the fans.

It is planned also to have a number of players from the 1955 Sidney Juvenile team which that year won the B.C. championship over a strong Vancouver club on hand as well as a few loyal supporters from that era—notably Mr. and Mrs. Bill James. Mrs. James was at that time the team's most ardent supporter as well as the best silver collection agent in Sidney, said one official.

Parents of all players are particularly urged to support their son's

team and an invitation is extended to all baseball fans, young and old, in this area to be on hand on Sunday.

## MORE ABOUT COUNCIL

(Continued From Page One)

and we were willing to do the necessary work," argued Mr. Boas. "I cannot vote myself this remuneration. We should have told the people before they elected us."

"You are saying that some people would run for office if they were going to be paid for it?" asked the chairman.

"I don't say it is not warranted," replied Mr. Boas.

"Your conscience can be quite clear—there was no thought of remuneration when you were elected," said Mr. Cormack.

"This is the only council in the last five years whose members haven't even received expenses," interjected Mr. Mitchell. "When Bradley and Eaton used to go to Prince George their expenses were always paid."

Mr. Christian pointed out that since he had been a member of the council, no commissioner had ever been paid any expenses. Mr. Cormack stated that during the past six years not one cent has been paid to elected representatives for expenses.

"It has come to the time when commissioners should be paid," declared Mr. Mitchell.

Without further discussion the controversial motion was put and adopted.

## DONATIONS TOTAL \$200

### AS VISITORS ARE WELCOMED

Hospital Day was held Friday at Lady Minto Hospital, Ganges. Visitors were welcomed by Mrs. Douglas Cavaye, president of the Women's Auxiliary, Mrs. H. G. Scott, chairman of the board of management, and Miss Catherine Ferguson, matron, and included a number from the outer islands. Many useful gifts were received as well as cash donations which totalled over \$200. In celebration of the 50th anniversary of the founding of the hospital, a very large and beautifully decorated cake, donated by Douglas Brock of Brodie's Bakery, Victoria, was cut by Mrs. W. M. Mout and Miss Mary Lees, charter and life members of the auxiliary. Other charter members, who were special guests, were Mrs. F. L. Crofton, Victoria, and Mrs. P. E. Lowther, Duncan. Guests were shown through the hospital and staff residence by members of the nursing staff, where the beautiful floral decorations, arranged by auxiliary members were very much admired. Tea was served by W.A. members under the convener'ship of Mrs. Finn Lepsoe, and presiding at the tea table were Mrs. Warren Hastings, Mrs. Scot Clarke, Mrs. Edwin Parsons and Miss Emily Smith. Mrs. Ed. Richardson was in charge of the guest book.

## FULL REPORT ON FLOWER SHOW FOR PENDER W.I.

Pender Island Women's Institute held the May meeting at the home of Mrs. J. B. Bridge. A full report of the flower show, including many helpful suggestions by the judge, was given by Miss Marion McKechnie, convener. Mrs. H. G. Scott, welfare convener, advised members to be careful of any eye condition. Three cases of eye infection have been reported, with one person being hospitalized, she said. Sum of \$10 was voted to the Provincial W.I. Memorial Fund in memory of Mrs. Hilda Prior and Mrs. Mina Menzies, a charter member, who died recently at the age of 96. Total of \$30 was voted to the solarium "Shower of Dimes."

Mrs. M. E. Coleman, cultural convener, whose brother is a news correspondent at present in Cyprus, read a magazine article about this troubled island.

## HOSPITAL REPORTS ARE GRATIFYING AS LADY MINTO MARKS 50 YEARS ACTIVITY

By DORIS CROFTON

Gulf Islanders may well be proud of their fine little hospital as the Lady Minto Gulf Islands Hospital, located at Ganges, celebrates its

50th anniversary. At annual meetings, held throughout the Gulf Islands last week, gratifying reports of the board of management, administrator, Women's Auxiliary and Medical staff were read. Financially the hospital ended the year 1963 in the black. This is unusual for any hospital, in these days of rising costs and reflects on the careful administration and operation carried out. Patient days totalled 3,706, and newborn, 187.

A considerable increase in the number of out-patients during 1963 was reported. This was attributed to the installation of a new X-Ray unit and the services of a radiologist from Duncan who visits the hospital once a week. A stand-by generator has been installed to provide light and heat when power fails. Other important items of equipment have been purchased or donated.

The Women's Auxiliary maintains a well-stocked linen room and, in addition, purchased articles of equipment to the value of \$866.44. Grounds have been maintained and improved and ornamental trees, donated by the family of the late

Mrs. Elizabeth Taylor, have been planted. Plans for a sun room, off the corridor on the west side of the hospital, have been approved by the B.C.H.I.S. and the project will be finalized this year.

Mahon Hall was well filled for the annual general meeting held at Ganges, May 15, under the chairmanship of Mrs. G. A. Scott, Pender Island.

Re-elected to the board of management for a term of three years were Mrs. Warren Hastings and Maurice Atkins.

A vacancy from Pender Island still remains to be filled.

A motion to change the by-laws to the effect that one annual meeting be held at Ganges, during the month of May on a day fixed by the board of management, rather than an annual meeting on each of the Gulf Islands, was defeated at all meetings, including the one held at Ganges.

A meeting of the Gulf Islands Hospital Improvement District No. 9 followed the hospital meeting, at which D. G. Crofton was unanimously re-elected trustee for Zone 2 of the Hospital District for a further three-year term.

W. W. Hunt-Sowrey, Mayne Island, was elected trustee for Zone 5 for a three-year term. Trustees of the Improvement District will hold their annual meeting at Mayne Island on June 10.

Some of the folks over from the mainland for the week-end to their respective homes were C. Webb, Mr. and Mrs. E. I. Wintemute, Mr. and Mrs. G. Johnson and friends, Mr. and Mrs. R. H. Ansley, Mr. and Mrs. R. Emmannuel, Mr. and Mrs. H. Horne, Mr. and Mrs. Don Baker, Mr. and Mrs. P. Selby-Hele, Mr. and Mrs. Marsh Bluck, Mr. and Mrs. A. J. Austin, Mr. and Mrs. R. Pearson, Mr. and Mrs. L. Woodbridge, Mr. and Mrs. F. Mallet, and Mr. and Mrs. Taylor and Mrs. J. Walker.

## LAST RITES FOR SARAH EAGLES AT ST. GEORGE'S

Funeral services were held May 16, in St. George's Church, Ganges, with Rev. S. J. Leech officiating, for Mrs. Sarah Ann Eagles, who died May 13 at Wildwood Convalescent Home, Fulford.

Mrs. Eagles was born in India and was 87 years of age.

She had been a resident of North Salt Spring Island for 20 years, and been an active member of the Anglican W.A. and I.O.D.E. She is survived by her husband, William Eagles.

Palbearers were Harry Nichols, Howard Byron, James Stevens, James Wood, Jack Taylor and Don McLeod.

## GANGES

Mr. and Mrs. Douglas Wells, Ganges, will leave today for a 10-day motoring trip to the Okanagan. Visiting Mr. and Mrs. Fred Morris for the holiday week-end were their son-in-law and daughter, Mr. and Mrs. Peter Bousfield, Shawinigan Lake, and their son Bob Morris, Vancouver.

Mr. and Mrs. Earle Bradshaw, with Cathy and Susanne, and Mr. and Mrs. Michael Apostoliuk with Cheryl and Karen of South Burnaby spent the week-end visiting Mrs. Bradshaw's mother, Mrs. Dorothy Fanning.

At home for the week-end were Lieut. M. L. Crofton and Miss Sharon Crofton, visiting their parents, Mr. and Mrs. D. K. Crofton, accompanied by Lieut. R. M. Scott, Victoria.

## Stalls Realize \$140 At Ganges

Proceeds from the annual May Fair, held in conjunction with the Salt Spring Island school track meet, May 15, under the auspices of the Parent-Teacher Association totalled \$140.

Those in charge of stalls were: home cooking, Mrs. C. W. Harrison; delicatessen, Mrs. George Croft; plants, Mrs. L. Mollet, Mrs. J. C. Lee; ice cream, Mrs. L. E. Barber; hot dogs, Mrs. Stanley Rogers.

Strange Ports Of Call  
By THE OLD GULF ISLANDER

## THE ALHAMBRA

The foregoing seems sort of a hard way to introduce the Alhambra but, really, the Alhambra was to have been the centre of interest in the last article. We have seen it twice: the first time, two years ago on the Loneran Luxury Tour and again last month (March) when we motored up to Granada to meet "the girls".

On the first visit we knew very little about the Alhambra—just remembered a few fragments of what we had read about it. It was not until after visiting it that we read Washington Irving's "Tales of the Alhambra", that little honey of a book that not only gave a vivid description of the old monument in its setting of the year 1829 but made it come alive with the tales and legends of its populace in the days of the Moors.

But when we re-visited it again this year, stirred with anticipation after much reading about it, we found that a casual day-time visit was not enough and besides the weather was cold, the buildings damp and forbidding and the gardens unlovely in their inadequate

Ed. Ketcham, retired railroadman turned writer, has left with Mrs. Ketcham on a year's cruise to strange lands. They are well known residents of Galiano Island. Mr. Ketcham will send back to The Review each week a lively account of his travels which are certain to entertain his readers.

pre-spring foliage. So now we are planning yet another pilgrimage to the Alhambra, staying two or three days at a hotel on the outside of the walls and leisurely drink in the beauty and romance of it all.

We had thought to write in detail of the many aspects of the Alhambra which rises on a formidable crag and covers the whole top of a lofty hill adjoining Granada... but we know how inadequate is our pen for this purpose and how quickly we would bog down both ourselves and our readers no matter how enthusiastically or lovingly we tried to tell our story. Our libraries at home are full of books on Spain: in the back of H. V. Morton's "A Stranger In Spain" is a list of some 50 books on the country and there is no doubt the story of the Alhambra will be given in many of these. So, as briefly as possible in the following paragraphs let's see if we can pique our readers' imagination enough that some will want to do further reading—maybe next winter!

## GATE OF JUSTICE

The principal entrance to the Alhambra today is through the Gate of Justice, a huge square tower with the usual Moorish arch over the passageway. It is only a two or three minute walk from our hotel and can be approached by a good highway from the city and parking is available. Immediately beyond is the Palace of Charles V. He was the grandson of Ferdinand and Isabel and he had a number of exquisite Moorish buildings demolished to start his palace—but never finished it. It is now roofed and houses two museums. Just within its beautiful south entrance we bought our admission tickets and started our tour.

The guides follow a fixed circular route which does a pretty good job of coverage — and there is so much to see. First, the Court of the Myrtles, so named from the hedges of myrtles bordering a great rectangular pool; next is the Court of the Lions, the most popular and most frequently reproduced in photographs and posters all over the world. It takes its name from 12 metallic lions arranged in a circle in a large pool, their tails to the centre and heads outside and spouting water from their mouths into the pool. Their bowls support a huge 12-sided ramp from the centre of which a high jet of water cascades over the bowl, the lions and into the pool. Of course all of these courts have mosaic walls and magnificent roofs done in gilt and various colorings and this work is especially effective in the Court of the Lions. INDESCRIBABLE BEAUTY

This whole court is surrounded by arcades of horseshoe arches. At two opposite ends are beautiful lounging pavilions. The whole effect is of indescribable beauty and sets the feeling of luxury and splendour for the balance of the Alhambra.

Then there is the Hall of the Abencerrajes. The marble in this apartment has often been stained with blood in Moorish times and

many tales of murder have been built up around it over the years by the populace. It is a historical fact, however, that one sultan who ruled from the Alhambra abandoned his wife and took up with a little cutie who promptly gave him a son; whereupon she put her arms around the sultan and said, in effect: "Oh Muley Abul Hasan, my beloved, appease Allah that one day our son shall sit upon your throne".

So, because she was such a cute little trick he had all his sons by the former wife brought into the Hall of Abencerrajes, lined up around the central fountain and had them decapitated. Why, the guides even point out the stains of iron oxide in the fountain and tell the tourists they have never been able to wash out the blood of the princes.

But we can't condense this story — there is so much to tell and so little space to write it in. We would have liked to describe the Garden of Lindaraja in the Alhambra and the Generalife on the hill beyond the walls. And then there is the Albaicin, the gypsy caves across a ravine from the Alhambra whose windows give such a splendid view of the old city wall and the caves in the mountainside within the walls. Here the gypsies have lived for countless centuries in the caves and small whitewashed houses built around the cave entrances. Nowadays they are a great tourist attraction and night tours are featured to the Albaicin to see the gitanos dance. They put on a pretty good show of course, but it has been developed purely for tourist consumption.

## TENDERS ACCEPTED

Tender of Victoria Paving Ltd. in the amount of \$2655 for hard-surfacing of portions of the grounds of Sidney's new municipal hall was accepted at Thursday's meeting. Other tenderers were: L. R. Crossley, \$2786; O.K. Paving, \$3520; Hub City Paving, \$3645.

So we must leave the story of the Alhambra where a strange civilization lived and flourished in the heart of Spain for so many centuries—and then fell by the very things that created these marvelous monuments: love of luxury, extravagance leading to internal dissensions, soft living. But, come to think of it, haven't these things been the downfall of every civilization in the written history of man?

# Large Audience Endorses Claremont Night Of Music

Spring Night of Music and Arts at Claremont senior secondary school recently was an undisputed success. Auditorium of the school was almost filled to capacity to hear the Claremont Choir, Don Kyle Singers and two guest soloists, Miss Ruth Telford and Garth Williams.

Program opened brightly with Stephen Foster's Camptown Races by the Claremont Choir, under the direction of Don Kyle. The student singers were well received by the audience for their five selections and could well have contributed more selections during the evening.

The Don Kyle Singers chose a difficult number to open their selections. Deep River was a little disjointed at the beginning but the singers quickly recovered and com-

pleted their first appearance of the evening with the polish that has gained them acclaim from adjudicators. Particularly commendable in this appearance were soloists B. Wilson and Mrs. V. Theaker.

**TEMPO CHANGED**

Tempo of the evening changed from "folksy" to classical with the piano solos of second-year U.B.C. music student Ruth Telford. Miss Telford played two excerpts from Schumann's Phantasietuecke, Des Abends and Indernacht. She displayed very promising talent, with slight, almost unnoticeable hesitations in her first selection.

Ladies of the Don Kyle Singers returned to offer two selections that had received warm praise from the adjudicator in the Victoria Music Festival. The two difficult selections were Song of the Pedlar, by C. L. Williams and Hymn to Diana by H. Parry.

Two rather heavy pieces by violinist Garth Williams were obviously enjoyed by the audience as he was called back for an encore selection. He chose Vidui (from Baal Shem Suite) by E. Bloch and Beet-

hoven's Romance in G Major. A very modest young man, Mr. Williams announced that his encore selection would be an unnamed "contemporary" piece written by "a U.B.C. student". Mr. Kyle later revealed that the "student" was the guest artist. Mr. Williams had the benefit of the accompaniment of Miss Telford for his offerings.

**GREENSLEEVES**

Program was closed with five selections from the Don Kyle Singers. Especially enjoyed was Greensleeves, when singers and guitarists Henry Baade and Hugh McCallum accompanied the group, providing an appropriate change from the piano.

The Don Kyle Singers were ably accompanied during the evening by Mrs. Pierre Timp, well-known in the area for her television appearances on the old Jock Dunbar show. Art students of the school exhibited a marked improvement over their fall display. Most of the paintings displayed on Monday were abstract, being the student's interpretation of various poems. Embarrassment or modesty prevented most of the students from signing their work, unfortunately.—B.C.

## CONVERSATION PIECE

# A DICTIONARY IS AN INTELLIGENT COMPANION

By DORIS LEEDHAM HOBBS.

"Children in scoles, against the usage and manner of all naciones were compelled to leave their owne language and for to construe their lessons in Fransche".

That was written of "scoles" in the 14th century in England. In the 15th century we have Caxton (1422-1491), the father of printing in England, who spent years studying the dialects of different parts of the country and gradually fixed the form of English language for educated people. The great flowering of the language took place in and following the next century when we get the great plays and sonnets of Shakespeare and later the King James I translation of the Bible into English.

## WHICH BOOK?

Many years ago, it was quite customary to set as a subject for an essay or composition: "If you could take just one book with you to a desert island, what would you choose and why?"

Ten to one the answer would be Shakespeare or the Bible! And it is rather wonderful that even school children recognized the supreme value of such books or perhaps we should say collections of books.

But, here is a suggestion I discovered in the introduction to my fav-

orite dictionary, The King's English. It is written by Dr. Allington, once headmaster of Eton (and incidentally father of the British prime minister's wife). He says: "There is a great deal to be said for the man who declared that if he were condemned to limit his library to one book, that book should be a dictionary. For there would be no limit to the trains of thought which such a book suggests and enables us to pursue."

Which of us, when looking up a word, have found ourselves turning the pages of the dictionary, following quite another quest?

## TOO CLEVER

If you are a crossword puzzle addict you must have access to a good dictionary. I have found that puzzles which used to be fun have now become "too-clever-for-words" and I am lost, dictionary or no (but perhaps that is just age).

I like to think that in my dictionary are practically all the words at present known in my own mother tongue; I say at present, for year by year, generation by generation, our tongue is growing by addition and change. English is a living, growing instrument of the greatest national literature in the world and is the tongue of the widest civiliza-

# GOOD MARKS GAINED IN FESTIVAL

At the recent music festival in Victoria, St. David's Anglican girls' choir, Cordova Bay, placed second in the class for junior church choirs, with marks of 81 and 84 for their two numbers.

The adjudicator, Robert Irwin, commented on their good tone, clear words and good rhythm. There were five competing choirs in this class. St. David's girls' choir was conducted by Mrs. H. G. Walker, with Mrs. Ann Bouttell at the piano.

One of the members of the choir, Miss Christine Pearson, gained a mark of 81 for her solo in the folk song class, for boys or girls under 13.

tion in history.

We, English-speaking Canadians, should strive to preserve its integrity, and to use it rightly for, whether we want it or not, it is in growing use all over the globe.

It is our heritage and a noble one. What about a good dictionary in large print next time you are in a book shop?

# CHATTERTON IS HOPEFUL

At Thursday's special meeting of Sidney village council, a communication was received from G. L. Chatterton, Saanich M.P., concerning the proposed breakwater to protect the wharf at the foot of Beacon Avenue. Previously a letter on the same subject had been received from D. W. Groos, Victoria M.P., promising his co-operation.

Mr. Chatterton pointed out that he has made representations to the

# BARON OF BEEF AT GALIANO SMORGASBORD

More than 50 people went to Galiano Lodge on Saturday night, May 16, to enjoy their now-famous smorgasbord. Many dishes accompanied the huge Baron of Beef.

During the evening, piano selections were given by Dennis Girvan, who, with his wife, was over from West Vancouver for this occasion. An interesting get-together was enjoyed by eight of the former and present owners of the lodge, Mrs. G. Steward and Mrs. C. Prior, whose parents, Mr. and Mrs. Alec Scoones owned what was then Greenways; Mr. and Mrs. George Jack, now of Campbell River, then Mr. and Mrs. Fred Robson, and the present owners, Mr. and Mrs. A. Clarke.

This represents a span of almost 30 years, and many changes have been made, both in the lodge and the island during this time.

appropriate department for further consideration of the breakwater at Sidney. "Provisions for the structure; if approved by the government, would not be provided for in the estimates for this year but it is hoped at least that further investigations by the government will lead them to agree to the necessity," said Mr. Chatterton's communication.

cooking's cool, because top elements are in direct contact with pots; all the heat goes into your cooking, not your kitchen. Insulated ovens keep the heat inside to keep your kitchen comfortable. See your appliance dealer soon for the range that can make you a great cook . . . automatically.

Is your kitchen wired to handle a modern electric range? No problem. Ask your appliance dealer or electrical contractor about the Housepower Finance Plan that spreads the cost of your re-wiring . . . with payments on your monthly Hydro bill.

## Out Of The Mixing Bowl A Recipe For Writing

By MURIEL WILSON

A right excuse for not getting down to writing . . . a great twittering of birds coming from the branches of the oak tree reminding me that I have not yet served their breakfast of crumbs.

Through the window and beyond the blank sheet of paper in my typewriter I can see a forest of dead stalks that were last year's Michaelmas daisies. I see them every time I sit down at my desk, they should be cut off. There are always weeds to cut and cultivating to do.

Any one of these outside jobs is a fine excuse to daydream a bit, I get up to water the African violets after which I remember some telephone calls I should make . . . anything for an excuse, anything to delay applying my seat to the chair in front of my typewriter.

Writing is a strange occupation. I think it was Churchill who said "Writing is 10 per cent inspiration and 90 per cent perspiration." Contrary to what some people think . . . writing is work. Have you ever tried it? I could give you a recipe.

Recipe for writing a column . . . Ingredients . . . one alert, two-way stretch mind, stacks of paper, one typewriter, one eraser, one wastebasket and one dictionary. Method . . . place paper in typewriter, immediately banish all wandering thoughts from mind, alert mind, polish up wit, without procrastination start typing without looking out window. Ignore door bell and telephone. Read copy, pull paper

from machine and toss in waste basket. Start over again. Keep typing and discarding until it jells. Production can be speeded-up by eliminating unnecessary dallying over coffee breaks. Inspiration is an illusive thing, don't count on it or wait for it. Don't wander around the house or the garden formula . . . Inspiration is a sometime thing which is desirable but not essential.

I am sure most writers will agree with Mr. Churchill that persistent and consistent application to the subject in hand is the important thing. There is no easy, short-cut recipe . . . one must do their homework and keep their nose to the typewriter.

No wonder we can't keep up with our reading. I just read a report by the Documentation and Communication Research Centre of the University of Cleveland . . . every 60 seconds, 2,000 pages of books, magazines and newspapers are printed. If you attempted to keep up with everything that is going on in the world you would fall behind 1,051,200,000 pages every solid year, even if the whole year were devoted entirely to reading. I often wish the presses would stop running for awhile to let me get caught up on my own backlog of magazines and books.

**IMPROVE PARK**  
Sand boxes and swings for the entertainment of children have been placed in Tulista Park by village works crews.

I am an inveterate "clipper" . . . I clip cartoons, quotes, children's sayings, terse verse, and such. I really don't know what for, except it's fun to browse through them occasionally. There are a lot of laughs in the collection and goodness knows we need a few laughs in this tense world.

There was the little five-year-old who came running to her mother crying: "Mummy, a bee tasted me."

And the little boy after listening to his elders talk about war said: "Daddy, suppose they gave a war and nobody came?"

There is a cartoon of a mother and father in the background and teenage daughter sprawled on the floor, feet upright in the air against the wall with telephone in hand. The caption . . . "And to think how anxiously we waited for the day she'd say her first word."

Definitions: Dieting—breaking the pound barrier; Girdle—something a lot of women are taken in by; Tangerine—a loose leaf orange; day-

light saving—letting the day stay up late; toothache—pain that drives you to extraction.

Terse verse . . . I marvel at the strength of stitches, that bind the seams of Capri britches.

Anyone who has lost a budgie or love bird will like this. It was written by Florence, a friend of mine: A touch on my shoulder and he was gone;

Green wings flashing towards the sun. In liberty his death to meet; My heart went with him . . . love bird, Pete.

And . . . My puppy is a darling, I've had him seven weeks. But I must have him vaccinated, because, you see, he leaks.

A second paper told the story of overseas university students in Britain, who number one in 10 of the student body, with 33 Commonwealth countries represented.

Overseas post-graduate students have doubled in number those registered 15 years ago.

The British Government is spending \$9 million annually to help students from undeveloped countries, in the interest of better world relations.
